

Information Bureau
6th February, 1976.

Librarian.

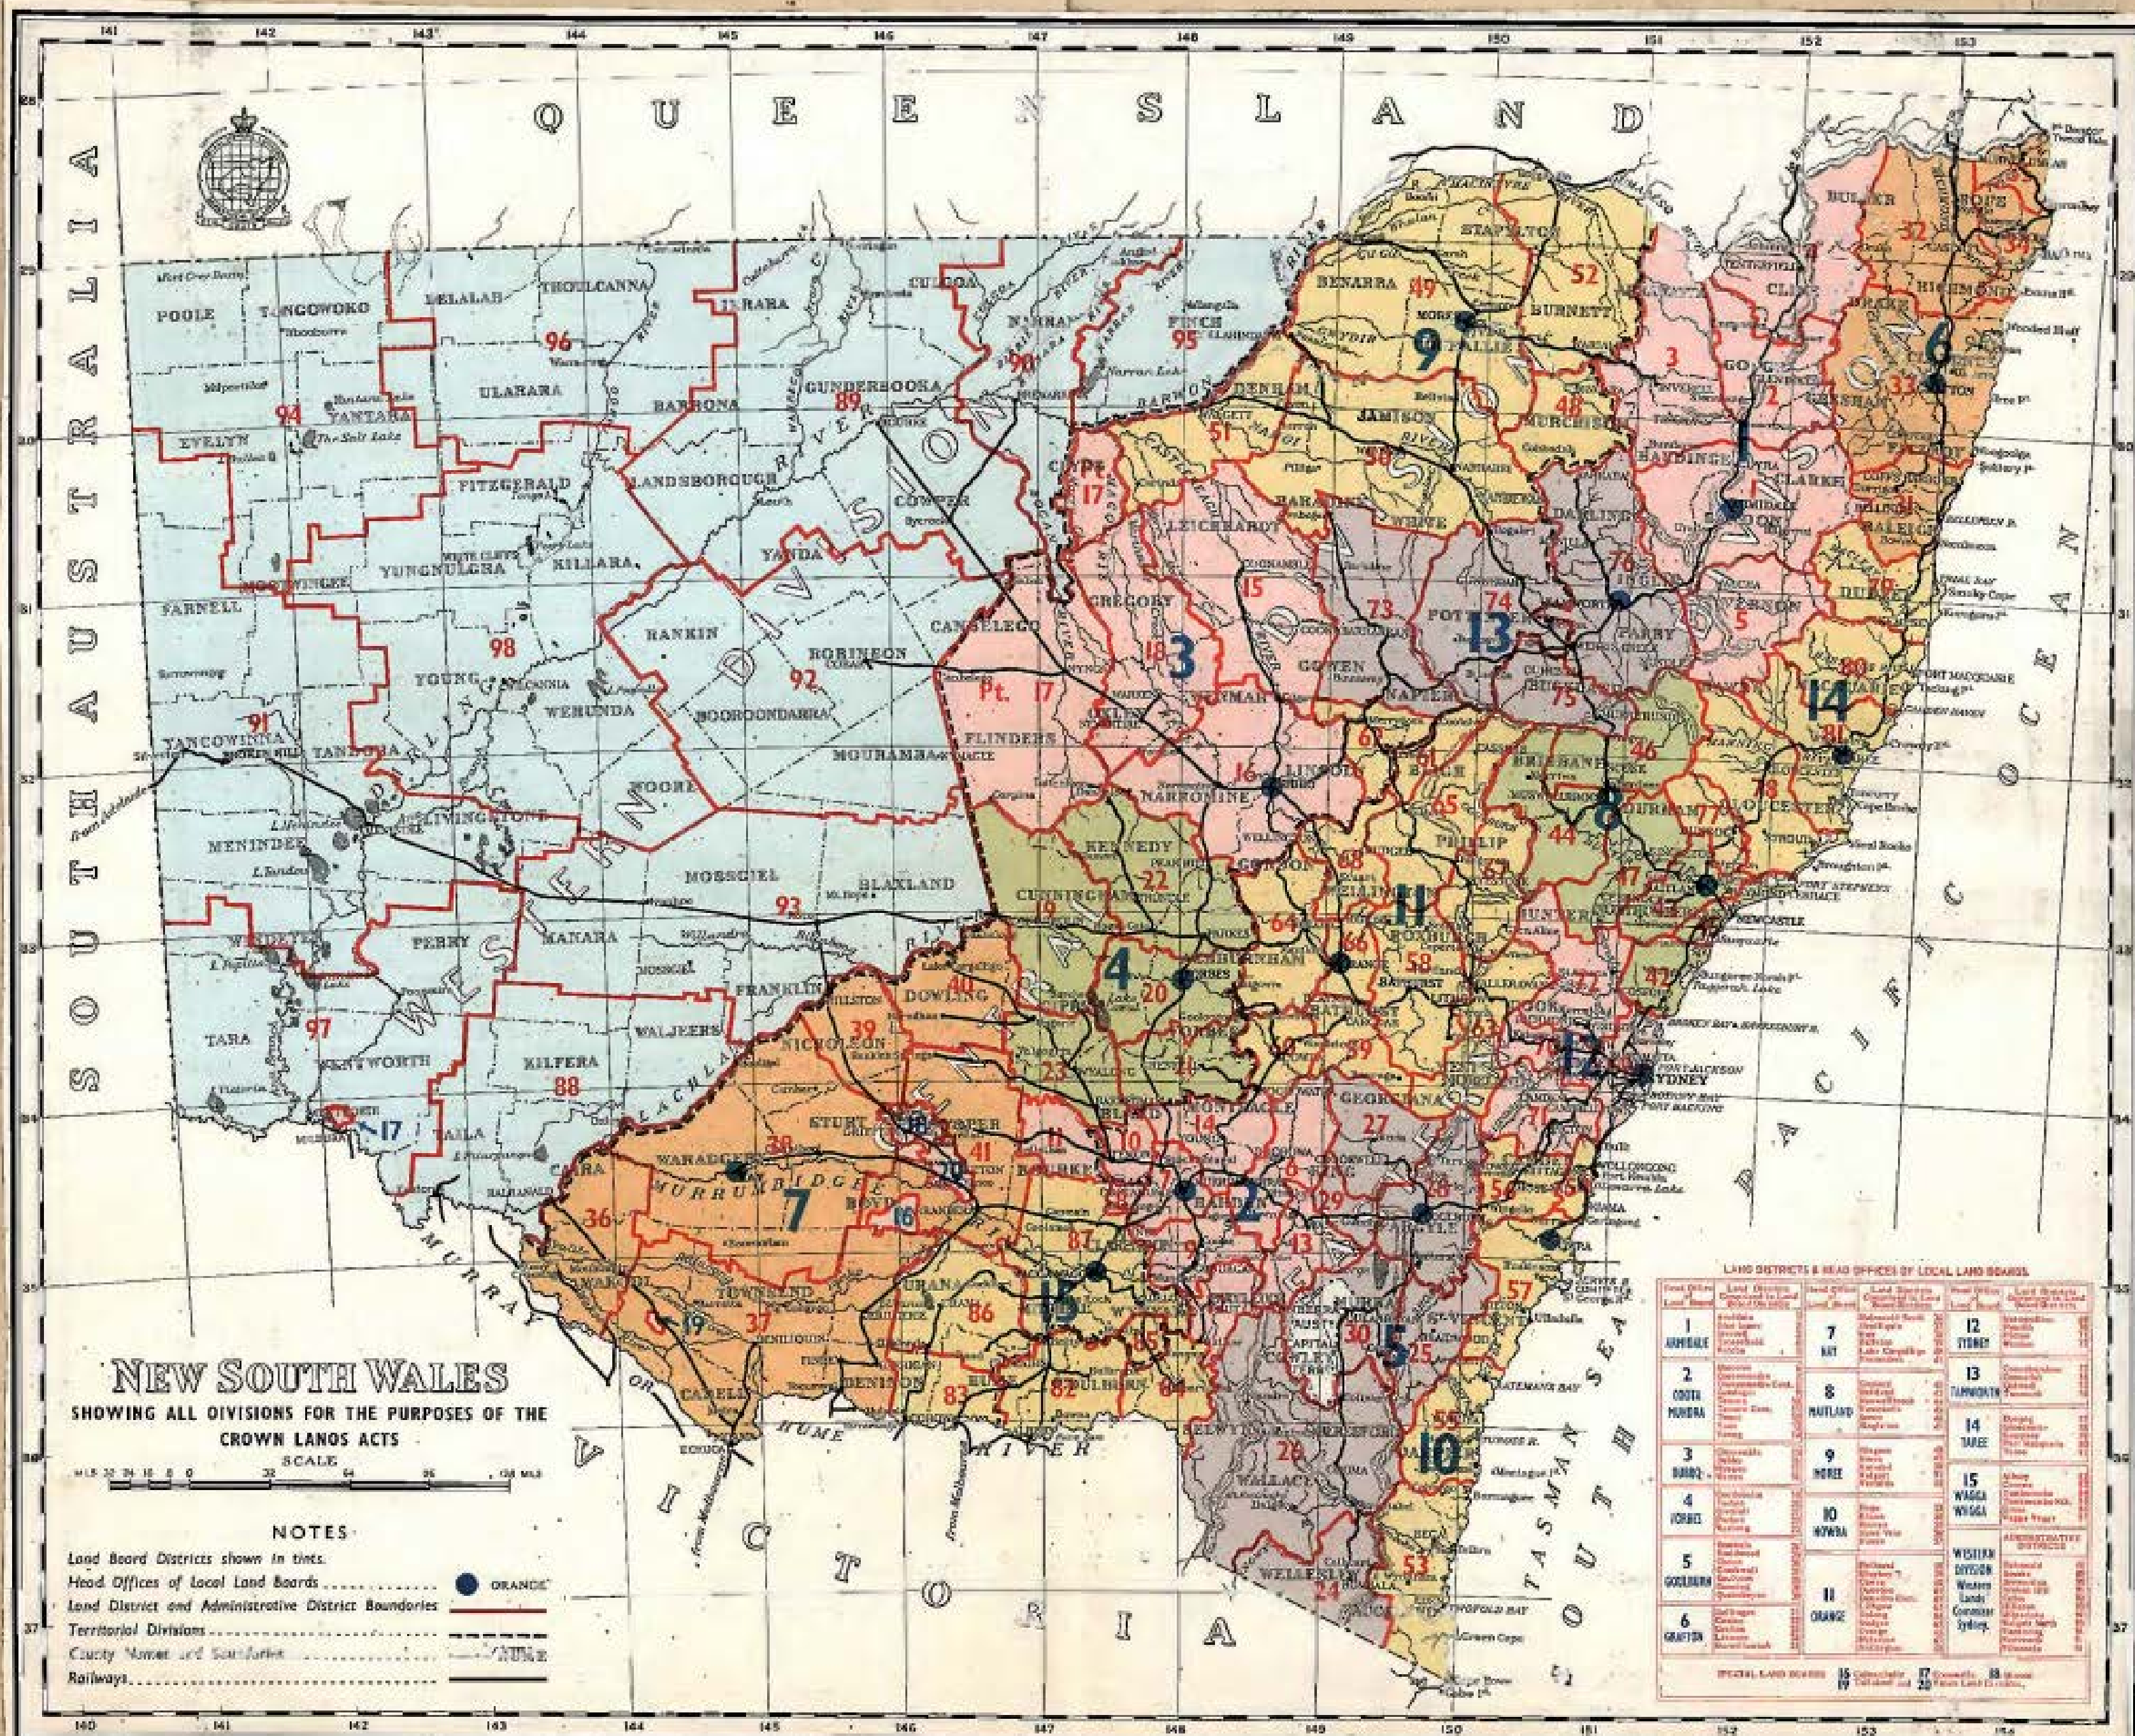

A limited number of Xerox copies has been made of this book, and this handwritten original, which has been in daily use in the Information Bureau since October, 1954, is now entrusted to your care.

I have placed a copy of the book in the Information Bureau safe with instructions that it should only be used for the purpose of producing further Xerox copies.

The original is now too fragile for further handling, and being larger than foolscap, is unsuitable for copying in quantity.

The information in the book was compiled from county maps, over a period of about seven years by Mr. Ernest L. Gleeson who was First Clerk, Information Bureau at the time. He received an award of £100 for the project.

M. Blackart
Officer in Charge.
6-2-76.
